Our Services

At Handasati for Contracting, Trading & Wood works Company we enjoy the extensive experience we have gained through the execution of many projects in the areas of: infrastructure for all construction projects, roads, educational institution buildings, Industrial & commercial buildings, electromechanical works, water and sewage networks, water treatment plants, military projects, gardens and improvement of cities.

Oil & Gas On-shore related Projects. Pipeline, Gasoil separation plant, Tank farms & Refineries Etc..

Operations & Maintenance for the Buildings and palaces.

we enjoy the extensive experience

We have expanded our field of work to include the execution of the highest quality construction projects, where the stages of work begin with a feasibility study for the project and the initial design development, followed by the detailed design and construction process and construction work and then the phase ends with the construction work after that of maintenance and operating, including government buildings, commercial buildings, industrial buildings, educational institutions.

Our Aspirations

The continues pursuit of excellence, which the company has always seek to transform it into a reality that enables it to provide the best engineering and contracting services to its Clients, which opened up new horizons to work in a spirit of excellence and forecast the expected financial estimates in the next years.

We always strive to keep up with the latest technologies and modernity in the world of contracting.

Our Vision

To be a unique

-To be a unique company at the level of the kingdom, with multiple investments, also to be able to lead and participate in the development of projects and companies with a studied scientific methodology, and strategic investments in major companies.

-To invest our experience and values of growth at all levels in order to become pioneers in the global market and provide engineering excellence to customers and achieve the highest level of value by adhering to best practices in terms of governance and transparency.

- We strive to establish our position as a leading company and partner in the construction, development of projects, business excellence and sustainable.

- We strive to be the leading company specialized in contracting business, which has a pioneering position in the markets to provide innovative solutions for various projects.

- To be one of the leading companies by providing integrated construction services of the highest quality and profession with the full commitment to innovate and develop the finest urban products according to the latest international standards.

- To be the first and most distinctive choice and contributor to the construction industry.

- To be one of the companies that meet clients' needs through the expertise and extensive knowledge in the scope of construction and fully aware of construction industry's techniques.

- Leaders in the development and delivery of urban services with the best and highest levels of international and creativity excellence.

Our values and principles

We strive in a sustainable way

- We strive in a sustainable way to implement the innovative concept in the construction works and infrastructure to provide everything that is creative according to the latest science and engineering theories. With our full commitment in the embodiment the effective partnership to achieve success and full satisfac-

- Transparency, trust and credibility with Clients, subcontractors, and allies in engineering projects in the region.

- Client satisfaction is our first concern and priorities. High professional quality, credibility and honesty, transparency and clarity, Innovation and creativity, fast performance and execution, and developing the skills of the Engineering, Technical and Administrative staff of the company.

- We work on creating a unique value every day, and we pledge to be better each year than before

What Distinguishes Us (Why Handasati For Contracting, Trading & Wood Works)

1 11 Years of experience

Since 2010, we have started by a constant struggle and a hectic race to achieve advanced positions in the field of contracting, we have gone through all the stages, we have passed the odds, and we have made it to become a part of our daily life that is indispensable.

3 Development and Training

Investing is the most successful investment ever, as well as our principle of selectivity in selecting competencies is based on personal skills such as positive, striving for continuous training and embracing core values such as cooperation and credibility, we build efficiency of our team, the career development was one of their rights, as we were keen to hone their skills and continue to provide a healthy working environment and adopt a policy of motivation, all to ensure their comfort thus to get the maximum productivity and quality as this is what we gain.

2 Pioneers in contracting and con-

It is not easy to take the lead in a large and challenging sector such as the contracting sector and will not pass the intense competition except by excellence. Long experience and high quality with the use of the latest technologies and mechanisms guaranteed for us an advanced leadership position. Our ability to execute projects, no matter how large and high quality, has strengthened our position as one of the important and essential pillars of the constructing sector in the Kingdom.

4 Innovative and effective solutions

Our research and development team is taking care of this task, the traditional solutions are no longer satisfying our ambitions. Technical and technological methods are in spectacular twist which inspire us to offer solutions and services which satisfy our passion, and therefore, expect to hear what the unexpected, and see what you don't imagine, but you will be definitely happy with it.

Our style

At Handasati for Contracting, Trading & Wood works Contracting Company, we are eager on the effective manner of sources, material, financial, informational, ideas and time to develop strives, policies, procedures, and general rules to execute any project and its resources to achieve the desired goal.

PLANT SHUTDOWN & TURNAROUND

HCTC is specialized in ARAMCO, SABIC, SEC and other basic industrial plant shutdowns in Electrical, Instrumentation and Mechanical divisions.

- Electrical & Instrumentation Turnaround Jobs
 - j Re-Location of MV, LV Switchgears / Cables
 - j Up gradation of Transformers
 - j Up gradation of PLC's, DCS and ESD Systems
 - j Calibration of Field Instruments

- Revamping / Upgrade Projects

- Replacement of Motors / Pumps and Other Equipment's

Electrical & Instrumentation (E & I) Services

Handasati strength is also in the area of Electrical & Instrumentation Works. It also leads the competition in this area of construction. We offer clients in various industries with effective and efficient project management, ensuring that its services are within budget, on time completion and in compliance with industry standards.

We have the expertise working for grass roots and live/operational plants in refineries, petrochemical, power, mining, manufacturing and other industries offering solutions for high/medium/low voltages as well as control and instrumentation cabling installations. Grounding, termination, functional tests for various electrical and instrumentation equipment.

Shutdown, Turnarounds Projects and Plant Maintenance Services Handasati has the capability to undertake Shutdown, Turnarounds Projects and Plant maintenance services for power, petrochemical, manufacturing, oil and gas industries.

This is an integral part of customers operations and maintenance requirements where Handasati can provide excellent services.

We have competent and experienced personnel who are able to undertake a full range of repairs and maintenance requirements.

We guarantee quality service to customers that can be relied on. We have experienced and well-trained staff as well as skilled people to accomplish critical shutdown and difficult maintenance activities.

Handasati Contracting Company is a recognized world class service provider of Electrical and Instrumentation services. We understand our customers' expectations and the commitment required to complete technically challenging projects.

We provide an innovative specialized electrical service that incorporates highly skilled solutions for all aspects of electrical and instrumentation projects and hazardous area installations, from construction verification, quality.

ELECTRICAL

ELECTRICAL

HCIC is one of the Leading Electrical Contractor in Saudi Arabia which serves the Industrial, Commercial and Utility sector in the field of Power Generation, Transmission and Distribution.

Substation Construction

380 KV, 230 KV, 115 KV, 34.5 KV, 13.8 KV,...

Engineering, Procurement, Installation, Testing & Commissioning at:

- Low Voltage Switchgear
- Medium Voltage Switchgear
- High Voltage Switchgear
- Gas Insulated Switchgear
- Power Distribution Boards
- Main Distribution Boards
- Lighting Control Panels
- Low Voltage & Medium Voltage Cables
- Termination & Splicing of Cables
- Power Management System
- Power factor Correction
- Capacitor Bank & Harmonic Filters
- Uninterruptible Power Supply
- Automatic Transfer Switch
- Fault recorder / sequence of recorder
- Battery Chargers
- Grounding Systems
- High Voltage Transmission line with OPGW
- HV/MV/LV underground cabling & ROC

Transformers

Installation Testing & Commissioning at:

- Transformers 1 MVA to 120 MVA
- Meggering
- Oil Filtration Test
- Di - Electric Test
- Sub Station Lighting
- Other Tests

Plant & SS Lighting

Design, Supply, Installation, Testing & Commissioning at:

- Plant Lights
- Substations Lights
- Pipe rack Lights
- Other Lighting works in Industries

Telecom System & Security/ Fire System Works

Handasati strength is also in the area of Telecom and Security & Fire System works. It also leads the competition in these area of construction.

TELECOM :

Inside Plant (ISP) and Structured Cabling (SCS) Communication Systems (Equipment Racks, Cabinets, Cable Runways, Structured Cabling for Data/Telephone Outlets).

Outside Plant Systems (OSP) including Supply, Installation, Splicing and Testing of Fiber Optic and Copper Cables and Construction of Communication Manholes and Conduit/Duct bank Systems. Paging System. Operation & Maintenance of Various Communication Facilities and Systems.

SECURITY SYSTEM :

- Access Control and ID Management Systems.
- Smart Access Control Reader
- Intrusion Detection and Assessment Systems (IDAS)
- Computerized Monitoring Systems
- Perimeter Intrusion Detection Systems
- Closed Circuit Television (CCTV) Systems
- Video Analytics Systems
- Road Barriers, Blockers, Tire Killers, And Sliding Gates
- Walkthrough Metal Detectors
- Turnstiles/Automatic Number Plate Recognition(ANPR)

FIRE SYSTEM :

- Fire Alarm, Detection Systems
- Intelligent Aspirating Smoke Detection Systems
- Clean Agent (FM200- And Novec1230-) Fire Suppression Systems
- High / Low-pressure CO2 Fire Suppression Systems
- Automatic Sprinkler Systems
